Service Sire 6P Royal Gold

Confirmed pregnant to 6P Royal Gold. This pairing will likely produce a stunning dark cria. Considering what she produced from Royal Fawn, the results could be spectacular. Royal Gold has done a great job pulling grey from females lineages with four grey crias on the ground and only one dam was grey! Glory Be Sire is a 1/2 Accoyo rose grey.

This dam consistently produces show winning, healthy, vigorous crias like clockwork. Never a moment of difficulty from this female or her crias. Glory Be produces black readily, including one of only three true blacks by the renowned Royal Fawn! Who went on to win both at AOBA and OABA. Show quality male cria at side.

As a six yr old breeding female her fiber tested at only 23.4m
