

Weekend On The Ranch

Thinking about raising or investing in alpacas? Do you like to be informed and prepared? This is an educational weekend you will want to attend.

“Weekend On The Ranch” is a 2 day seminar, designed to provide plenty of information and experiences for individual and couples who are considering investing in alpacas. Course material and hands-on sessions will address everything you should be aware of to help make sound business decisions.

Class is 16 hours of “NBA” (nothing but alpacas) consisting of a combination of presentations, interactive discussions and hands-on learning. Not only is the class informative, but it is also like “group therapy” to help you learn from others who are exploring their way into an alpaca adventure. Participants will learn about the following and more:

- Alpaca selection based upon fleece statistics, conformation characteristics and genetic background
- Facility set-up, fencing and pasture requirements
- Veterinary care, handling, nutrition, breeding, birthing, cria care and recordkeeping
- Business issues such as insurance, tax considerations and business entities

By the end of the weekend you will have enough information to help set goals and complete a business plan.

Class starts at 8am and finishes by about 5pm ... or so. Saturday and Sunday

Advance registration is required. Class fee is \$175 per couple; \$100 for single registration. Payment can be made by check or credit card. Fee includes all materials, catered lunches and beverages.

You pay for an education.... but it doesn't cost as much as ignorance.
